## 200 KILLED, 600 INJURED IN SOUTH AFRICA WAR

### SITUATION IS NOW WELL IN HAND OFFICIALS REPORT

CAPTURED TOWNS ARE RETAKEN  
BY GOVERNMENT TROOPS AT  
POINT OF BAYONET

MINERS COMMIT ATROCITIES IN  
RETALIATION FOR BOMB-  
ING THEY SAY

(By United Press.)  
Johannesburg, Union of South Africa  
—March 13.—“We have the situation  
well in hand,” a telegram from General  
Jan C. Smuts, premier of the Union  
of South Africa to the government an-  
nounced today.

Smuts is here.  
In the Rand mine war which flamed  
up Friday and Saturday, more than  
two thousand strikers had been round-  
ed up by the government troops and  
casualties of two hundred killed and  
600 wounded had been reported.

After savage fighting, troops which  
had been brought into action recaptured  
Benini and Brakpan which had  
been held by rebels since Friday after-  
noon. The encounter at Benini was a  
particularly bloody one, the miners  
murdering prisoners and setting fire  
to buildings before being driven out  
at the point of the bayonet.

Recapture of these two towns re-  
lieves the situation which had threat-  
ened to end in the fall of central Jo-  
hannesburg to the miners.

General Smuts arrived here yester-  
day after wild times at the troubled  
areas at the extremes of the Rand. He  
had a narrow escape, his car being  
fired upon and struck by bullets. He  
was not hurt.

Rebel atrocities at Boksburg was  
reported. It was announced they were  
in retaliation for bombing of a crowd-  
ed hall where a miners meeting was  
being held. The use of airplanes by  
authorities has infuriated the natives.

After the recapture of the Briston  
ridge of the Rand, airplanes, artillery  
and infantry were used. Miners were  
captured only after a desperate bat-  
tle.

An official word received, which  
read:

“Progressing satisfactorily. Numer-  
ous beleaguered detachments of po-  
lice have been relieved by airplane  
reconnaissance.”

In fighting for possession of Johan-  
nesburg yesterday before arrival of  
government reinforcements, miners al-  
most completely surrounded the town  
and launched repeated attacks, which  
were beaten off by the police. Strik-  
ers made desperate attempts to cap-  
ture Johannesburg in order to cut  
communication with Pretoria.

Guerilla warfare continued through-  
out the day east and southeast of the  
town with numerous casualties added  
to the death roll of Friday and Sat-  
urday.

Further fighting took place at Fords-  
burg where strikers armed with Lewis  
machine guns replied to a shower of  
bombs from airplanes. Radicals  
throughout the Rand district have seiz-  
ed upon the gold miners strike to stir  
up the natives against the local au-  
thorities.

Reinforcements which arrived to aid  
police have turned back natives from  
Johannesburg. Only their timely ar-  
rival saved the situation here. A de-  
tachment of police at Ellis Park were  
nearly forced to capitulate to the  
enemy.

### BANDITS CAPTURE 10 U. S. GUARDS IN DISTILLERY RAID

Lexington, Ky., March 13.—Twenty  
bandits in two detachments swooped  
town on the D. L. Moore distillery at  
Vanarsdell, in Mercer county, late to-  
day. They captured 10 persons, looted  
the distillery warehouse of a quantity  
of whiskey variously estimated at from  
50 to 70 barrels, loaded it on motor  
trucks and sped away.

Poses in pursuit later found a  
grand truck containing 17 barrels  
of a county road, and continuing their  
search discovered 33 barrels in the  
barn of a farmer near Lawrenceburg.  
Three men, said to have been drivers  
of the trucks, were arrested.

## Soldier Bonus Bill Believed Dead This Season

### HOUSE ARMY BILL REDUCES ARMY TO 115,000 MEN

(By United Press.)  
Washington, March 13.—Reduction  
from its present strength of  
157,000 men to 115,000 men was  
provided by the house appropri-  
ations committee today in the an-  
nual army appropriations bill,  
which was reported to the house.  
The action was taken over the  
objection of both President Har-  
ding and General Pershing, who de-  
sired a stronger army of 130,000.

### \$50,000 RUM SEIZED IN IRON RANGE RAIDS

SIXTEEN JAILED, 1,500 GALLONS  
OF LIQUOR TAKEN—FIVE ARE  
NEAR DEATH FROM POISON  
ALCOHOL

Duluth, March 11.—Fifteen hundred  
gallons of liquor, valued at approxi-  
mately \$50,000, was confiscated and de-  
stroyed by four federal prohibition  
agents in a series of raids on private  
homes, drugstores and soft drink bars  
in cities and towns on the Minnesota  
iron range this week, according to re-  
ports received at the federal building  
here today.

The heaviest haul was made when  
agents raided the National drug store  
in Virginia, where 57 gallons of “Hoff-  
man drops” and 26 pints of moonshine  
were confiscated. The liquor was es-  
timated to be worth \$3,680.

C. J. Shea, a clerk, and W. J. Hele-  
mus, owner, were released on \$1,000  
and \$5,000 bonds when arraigned be-  
fore Otto Poirer, United States com-  
missioner. The squad raided another  
Virginia drugstore and arrested two  
clerks, who were both released on  
bail.

Agents reported finding five men  
lying in a room in a drunken stupor  
when they raided a Virginia hotel. The  
men had been drinking poisoned alcohol  
and one of them was taken to a  
hospital for treatment. Frank Bean,  
alleged to have sold the men the poi-  
soned liquor, was arrested.

Two men and a woman were ar-  
rested in a raid on a Chisholm soft drink  
bar.

Eight persons were arrested and  
1,000 gallons of liquor confiscated in a  
series of raids at Gilbert.

### THIRD TRIAL OF ARBUCKLE BEGINS TODAY

(By United Press.)  
San Francisco, March 13.—Despite  
the fact that it was the “thirteenth”  
Roscoe Arbuckle was in a cheerful  
mood today as he waited court open-  
ing for his third trial for alleged man-  
slaughter.

The big comedian, accused of hav-  
ing taken the life of Virginia Rappe,  
on Labor Day last year, when he was  
entertaining in his hotel suite in San  
Francisco, arrived here yesterday.

“I am not worried. It wouldn’t do  
me any good to worry,” was the way  
all his comments went. He would not  
discuss the case for publication.

### DEATH OF KAISER BILL RUMORED IN HOLLAND

(By United Press.)  
Amsterdam, March 13.—A report  
spread through Holland today that for-  
mer Kaiser Wilhelm had died suddenly  
at Doorn. In official circles the ru-  
mor was denied.

### WOMAN INDICTED AS HABITUAL CRIMINAL

(By United Press.)  
St. Paul, March 13.—Miss Rose Cal-  
lahan, indicted as a “habitual crim-  
inal,” today was virtually sentenced to  
live in Minneapolis—the other twin.  
Judge F. M. Catlin ordered her in-  
dictment filed away on condition that  
she move across the river.

### MILLIONAIRE'S SON UNDER ARREST ON A SERIOUS CHARGE

SON OF MILLIONAIRE DODGE, OF  
DETROIT, ACCUSED OF DRIV-  
ING CAR WHILE DRUNK

INDUCED GIRL STUDENT TO RIDE  
—HAD TO JUMP FROM THE  
CAR TO ESCAPE

(By United Press.)  
Kalamazoo, Mich., March 13.—John  
Duval Dodge, son of the millionaire  
automobile family of Detroit, was in  
jail here today charged with driving  
an automobile while intoxicated, and  
for violation of the state liquor laws.  
The arrest of Dodge and Rex Earl,  
a local boy, following what Prosecutor  
Stephen Wattles characterized as a  
“wild party” Saturday night, climaxed  
by a young normal student girl diving  
from the speeding car into a coun-  
try road. The girl, seriously injured,  
and lying in the road for some time,  
was picked up by a farmer.

“Dodge and Earl picked up the girl  
on the streets of Grand Rapids Sat-  
urday night,” Wattles said. “Two  
other girls were also in the party.”  
“He induced the normal student to  
enter his high powered machine by  
telling her that he would take her  
home.”

“Instead, he took her out in the  
country, and speeded up his auto to  
more than sixty miles an hour.”

“The girls were offered liquor, and  
otherwise terrorized. The normal  
school student jumped from the ma-  
chine.”

The injured girl lay on the frozen  
road for nearly an hour before a farm-  
er passing by picked her up and took  
her to the Borgess hospital where it  
was stated today that she will recover.

Dodge and Earl were taken into cus-  
todial early Sunday morning, and were  
held at the county jail without charges  
being preferred until today. Dodge re-  
fused to talk regarding the case. Held  
with Dodge and Earl were Miss Ethel  
Clemens and Miss Sue Strength, of  
Grand Rapids. The injured girl, it  
was learned, was Miss Emilene Kwack-  
cruek, also of Grand Rapids. She  
was in her second year at the Western  
normal school here.

### SEVEN KILLED, 16 INJURED IN RAIL WRECK

WHEEL BURSTS AND PASSENGER  
COACH PLUNGES 50 FEET FROM  
TRESTLE INTO CREEK

Atlanta, Ga., March 13.—Seven per-  
sons were killed and 16 injured today  
when a passenger coach on the Atlan-  
tic, Birmingham & Atlantic railroad  
was derailed near Union City. The  
car went off a trestle and fell 50 feet.  
Thirty persons were in the coach,  
the last of the train, when one of the  
wheels burst. The trestle was reach-  
ed and almost crossed when the car  
suddenly turned over, tearing away  
from the one ahead as it fell into the  
shallow creek.

Six men and one woman were killed.  
Several of the injured are not expect-  
ed to live. For hours rescue parties  
worked in the wreckage, releasing  
those imprisoned and removing the  
dead, the injured being taken to hos-  
pitals here.

### ST. PAUL LOSES SECOND HOCKEY GAME WITH BOSTON

(By United Press.)  
St. Paul, March 13.—St. Paul lost  
the second of a four-game series for  
the hockey championship of the United  
States with the Boston Westminsters  
Sunday afternoon. The score was two  
to one.  
The remainder of the games of the  
series will be played in Boston, be-  
ginning next Friday.

### HOPE TO AVERT MINERS' STRIKE IS ABANDONED

(By United Press.)  
Indianapolis, Ind., March 13.—  
Hope of averting the nation-wide  
coal strike April 1 was virtually  
abandoned today by officers of the  
United Mine Workers of America.  
Mine owners, who have twice re-  
fused to enter wage negotiations,  
still refuse the government's ef-  
forts to effect a conference. Uni-  
on officials say there is little  
chance for a meeting before the  
existing agreement with the oper-  
ators expires March 31st.

Without an agreement to become  
effective April 1st, the miners will  
drop their picks, President John  
L. Lewis said.

### Conference Must Be Voluntary

Washington, March 13.—Any confer-  
ence between miners and operators to  
avert the threatened mine strike April  
1st must be voluntary, Secretary of  
Labor Davis made plain today.  
The federal government cannot and  
will not resort to court action to avert  
the strike, Davis told the United Press.  
If the strike comes, the government  
can ask injunction only when the pub-  
lic begins to suffer through a coal  
shortage, he said.

### MOVE TO RATIFY FOUR POWER PACT SANS RESERVATION

BELIEVED, HOWEVER, IF RESER-  
VATION IS KILLED TREATY  
WOULD FAIL

(By United Press.)  
Washington, March 13.—Enthusias-  
tic supporters of the four-power treaty  
have revived the movement for rat-  
ification of the pact without reserva-  
tion.

The senators behind this movement  
spent the week end trying to pre-  
judice Republican colleagues against all  
reservations, even the one reported by  
the foreign relations committee and  
accepted by the administration.

Senator Kellogg, of Minnesota, one  
of the mild reservationists in the Ver-  
sailles treaty fight, was leading the  
non-reservationists fight today. The  
effort to eliminate part of the reser-  
vations was fought by those admin-  
istration leaders responsible for get-  
ting the pact ratified. They knew it  
meant the loss of votes. At least three  
Republican senators and about half  
a dozen Democratic senators stated in  
response to inquiries today that if the  
Brandee reservation were killed they  
would vote against ratification of the  
treaty. Loss of that many votes would  
mean loss of the treaty.

### Hiram Johnson Attacks Treaty

Washington, March 13.—The four-  
power Pacific treaty is a quadruple  
alliance born of fear, and is an at-  
tempt to barter away America's heri-  
tage as a means of insuring America's  
safety, Senator Hiram Johnson, irre-  
concilable leader, asserted today in a  
speech to the senate.

Johnson, first of the irreconcilables  
to deliver a prepared speech against  
the treaty, said he would vote against  
it “because it saps the spirit  
which is the genuine security of this  
country.”

The treaty is an alliance which says  
“must” to the United States,” Johnson  
said.

“When an alliance can speak that  
word to this nation, then the spirit  
that made it safe when it was feeble  
will have departed from us, and our  
record in history will be that what we  
dared when we were weak, we feared  
to face when we were strong, and that  
in striving to barter our heritage for  
safety we lost safety itself,” said John-  
son.

Showing comparison between article  
two of the four-power pact and ar-  
ticle ten of the League of Nations cov-  
enant, Johnson declared, that the same  
surrender of American sovereignty  
and traditional policy is involved in  
both.

### BRITISH COALITION GOVERNMENT FACES MANY NEW CRISES

REPORTED LLOYD GEORGE HAS  
BEEN RECALLED FROM  
VACATION

TROUBLES IN INDIA, TRANSVAAL,  
THE NEAR EAST AND AT  
HOME RESPONSIBLE

(By ED. L. KEEN  
(United Press Staff Correspondent.)  
London, March 13.—The coalition  
government, leaderless for the most  
part, while Lloyd George is in Wales  
on a holiday, today faced a series of  
crises which threatened its downfall.  
Trouble in India, in the Transvaal,  
in the Near East and at home con-  
fronted the already shaky Lloyd  
George ministry.

A hurry call for Lloyd George to re-  
turn to the helm of the badly batter-  
ed ship of state has been sent out, it  
was reported. The premier might  
start back for London today, it was  
said.

Anticipated trouble in India where  
a scarcely repressed revolt started by  
the arrest and arraignment of Gandhi,  
began with the slaying of two natives  
in the Hardoi district, following riot-  
ing.

Gandhi and a banker arrested with  
him pleaded guilty to charges of sedi-  
tion.

Fears are expressed that Sikhs in  
the Punjab district, many of whom  
have deserted to join revolutionary  
bands, may mutiny. The first trouble  
after the arrest of Gandhi occurred  
in the agricultural district.

### URNS ON GAS TO FORGET TROUBLES

(By United Press.)  
St. Paul, March 13.—Doctor Wayne  
B. Corser, prominent dentist, was  
found dead in his offices last night, a  
mask over his face and the gas turned  
on. A note on his calendar pad read:

“It is just as well to forget your  
troubles as there are a lot more com-  
ing.”

He apparently had been going over  
his financial affairs.

### SWELLING BANK DEPOSITS INDICATE BETTER TIMES SOON

HIGHER PRICES FOR FARM PRO-  
DUCTS PRINCIPAL CAUSE  
OF INCREASE

(By United Press.)  
St. Paul, March 13.—Improved finan-  
cial conditions in this section and par-  
ticularly in agricultural lines is re-  
flected in national bank deposits and  
resources which have swelled to en-  
couraging proportions in the last few  
months, bankers said today.

Reports of seven national banks in  
St. Paul, issued in compliance with a  
bank call for March 10, showed that  
deposits gained \$8,545,280 since the  
first of the year.

Deposits December 31, 1921, were  
\$92,848,000 and on March 10 they were  
\$101,394,000.

Resources during the same period  
jumped from \$113,342,000 to \$119,860,-  
000, a gain of \$6,517,000. Higher prices  
for live stock and grains is increasing  
with more improved conditions.

“The farmers are getting in better  
shape to pay bills and to buy,” said a  
leading banker.

### Call for Statements of Condition of State and Nat'l Banks Issued

(By United Press.)  
Washington, March 13.—The com-  
ptroller of the currency today issued a  
call for statements as to the conditions  
of all national banks at the close of  
business on March 10.

### HOTEL FINED \$25,000 FOR LAW VIOLATION

(By United Press.)  
Chicago, March 13.—The Hotel  
Sherman company was today fined  
\$25,000 by United States Judge Car-  
penter for violation of the prohibi-  
tion laws. The company pleaded  
guilty to selling liquor on a forged  
permit. Judge Carpenter ordered  
an investigation to determine if an  
official of the company was in-  
volved.

### BUSINESS REVIVAL SEEN IN MINNESOTA

\$5,000,000 IN RAILROAD IMPROVE-  
MENTS PLANNED—CONTRACT-  
ORS READY FOR BUSY  
SEASON

Minneapolis, March 13.—With re-  
quests for bids on railroad improve-  
ment programs involving more than  
\$5,000,000 in the offices of one general  
contracting firm, and requests for bids  
on \$7,000,000 in public buildings through-  
out the northwest at the Builders' ex-  
change, Minneapolis builders predicted  
that a revival of general construction  
activity was certain, and that within  
six weeks there would be work for  
every laborer who wanted it.

In addition to these two significant  
items of construction, there already is  
under way the tremendous program of  
the state highway department, and  
there are first indications of a small  
home building activity throughout the  
northwest that may eclipse all previous  
records.

Invitations to bid on more than \$5,-  
000,000 in railroad track and line im-  
provements are in the office of Win-  
ston-Deer company, general contrac-  
tors, J. H. Ellison, vicepresident, said.  
This is an amount of prospective rail-  
road work not exceeded in five years,  
Mr. Ellison added. The firm is now  
engaged in the building of several long  
stretches of paved highway.

“Public work started at this time in  
the northwest is twice the amount at  
this time last year,” Eugene  
Young, secretary of the Builders Ex-  
change, said. “The jobs on which con-  
tractors are asked to bid that are now  
in our office total \$7,000,000,” he said.

### CARS NEEDED TO MOVE MINNESOTA SEED POTATOES

(By United Press.)  
St. Paul, March 13.—O. J. Hagen of  
Moorhead today complained to Gov-  
ernor Preus of the shortage of refrig-  
erator cars in northwestern Minnesota.  
Unless the cars are received, the  
farmers will be hard hit, and their  
crop of seed potatoes useless, Mr. Ha-  
gen said.

More than eight hundred cars are  
needed in Clay county immediately, he  
said. The interstate commerce com-  
mission announced that it would di-  
vert cars from other routes to north-  
ern Minnesota.

Governor Preus turned the com-  
plaint over to the state railroad and  
warehouse commission.

### FEMININE BLUEBEARD TO GO ON TRIAL SOON

(By United Press.)  
Greenfield, Ind., March 13.—Mrs.  
Clara Carl, alleged feminine bluebeard  
will go on trial in Hancock circuit  
court during April term, charged with  
the murder of her second husband and  
his father.

Investigation is also being conduct-  
ed with regard to the death of her  
first husband.

### YEGGMEN OPEN LAUNDRY SAFE

(By United Press.)  
St. Paul, March 13.—Yeggmen open-  
ed the safe at the Troy Laundry com-  
pany early today. The place was en-  
tered with a key. Papers were strewn  
over the floor.  
Company officials declined to name  
the loss.

### WILL PASS HOUSE SHORTLY BUT WILL DIE IN SENATE

BECAUSE SENATE IS JAMMED  
WITH TREATIES AND OTHER  
IMPORTANT BUSINESS

FOR THIS REASON BELIEVED  
SENATE WILL NOT ACT UN-  
TIL DECEMBER

By LAWRENCE M. BENEDICT  
(United Press Staff Correspondent.)

PUSH BILL THROUGH HOUSE  
Washington, March 13.—The  
house ways and means committee  
Republicans are wrathful at Sec-  
retary of the Treasury Mellon for his  
letter of advice on the bonus de-  
cided today to ignore him and his  
recommendations, and shove the  
bill along through the house as  
scheduled.

Washington, March 13.—The soldier  
bonus bill appears dead for this ses-  
sion of congress.

Although the modified measure is  
scheduled to be reported favorably to  
the house today and probably will be  
passed in the lower chamber on next  
Monday, it is certain that the senate  
will indefinitely delay it.

The chances are about ten to one  
that no action will be taken by the  
upper chamber until next session,  
which starts in December.

The house way and means committee  
met today to put the last touches on  
the certificate plan bonus bill, and  
reported it to the house. Despite the  
fact that the bonus is losing strength  
daily in the house, its passage there  
is held certain. The senate, however,  
is busy with the Arms Conference  
treaties, and after those are disposed  
of it has a vast lot of other important  
legislation which must be passed be-  
fore adjournment.

In addition to the bonus being caught  
in a legislative jam in the senate, it  
was pretty definitely known today  
that President Harding will call in  
administration leaders if necessary and  
say the word that will hold up the  
soldier bill.

### HEAD OF SHOP CRAFTS OPPOSES WAGE REDUCTION

(By United Press.)  
Chicago, March 13.—Railroads have  
flooded members of the United States  
railroad labor board with propaganda  
to cut the employees wages, J. M.  
Jewell, head of the shop crafts rail  
unions charged today before the board.  
Jewell opened the defense of the union  
against the carriers, appealing for a  
twelve per cent reduction in wages.

### Record Breaking Day

(By United Press.)  
St. Paul, March 13.—John McNevin  
hit a record breaking day Saturday  
in fact, he broke three records within  
a few minutes.

Friday he will be in police court to  
answer a malicious destruction of  
property charge, brought by A. J.  
Meyer, proprietor of a phonograph  
store.

### WOMAN HELD UP FOR \$6,200 LOOT

Minneapolis, March 13.—Seized by a  
bandit, while another held her escort,  
Mrs. H. D. McGirk, of Chaplin, Sask.,  
was robbed of \$6,000 in jewelry, \$200  
in cash and a silver fox neckpiece, at  
Eighteenth avenue and Marshall street  
N. E., last night, she told police.

Four other holdups netted \$328, ac-  
cording to police reports.

Mrs. McGirk's jewels, two diamond  
rings and a large diamond brooch,  
were hidden in her waist, she said. The  
robbers escaped in an automobile. J.  
N. Douglas, 1816 Marshall street N. E.,  
an uncle, was her escort.

Mrs. McGirk told police she believed  
the men had observed her at the Dyck-  
man hotel, where she is stopping.

Fire this morning destroyed the house of Sam Mantalo at Northeast Ninth and Elder streets in the Mill district. It was beyond the fire limits and the fire department did the best they could to fight the blaze. The house was recently bought by Mantalo from Arthur L. Koop. Insurance was carried. The structure was a story in height and had six rooms. Nearly all the contents were saved. The fire, as near as can be ascertained, started in the attic and spread quickly.

St. Paul, March 13.—Heroic work of George T. Porterfield, railway mail clerk, in saving mail in a burning mail car Saturday, was commended by railway mail service officials here today.

Mr. Porterfield removed first class and registered mail sacks from the burning car on the Northern Pacific line after the car had become filled with smoke, following the explosion of the oil lamps near Royalton.

The explosion was caused by fire which started in a corner of the car. Porterfield was cut by flying glass when the lamps exploded.

# STATE REMEMBERS INDIAN WAR VETERANS

Minnesota has never questioned its debt to the men and women who answered its call in time of trouble. Even now the Gopher State is paying a debt of gratitude to those who aided it in the Indian Wars of 1862 and at the same time is completing the payment of nearly \$30,000,000 to those who answered the call in connection with the late World War.

It may not be generally known, but Minnesota at the present time is paying a monthly pension to 212 residents of the state who participated in the Indian Wars of 1862. The law granting this pension was passed in 1905. It provides for a pension of \$12.00 a month and only those suffering disabilities as a result of participation are eligible. Because of death due to the infirmities of old age the number of participants has been greatly reduced, still each year registers eligibles. This year two survivors with back pay of \$1,448.00 and \$1,304.00 respectively, were added to the list. The high mark was in 1912 when nearly 450 survivors or their widows were aided.

Since the law went into effect the following annual Indian War pension payments have been made:

1905	\$ 5,681.50
1906	40,706.89
1907	51,788.60
1908	56,433.60
1909	47,664.50
1910	60,910.40
1911	55,813.29
1912	66,261.60
1913	45,540.40
1914	50,602.14
1915	34,225.18
1916	48,949.87
1917	41,210.40
1918	37,488.40
1919	32,095.60
1920	31,327.60

# COMMUNITY CLUB BANQUET IN STAPLES

(Staples World)  
The Staples Community Club held their annual banquet at the St. Charles dining room on Monday evening, members of the club and their ladies being in attendance. Miss Mary Wheeler and Walter Ames very generously furnished the music during the serving of the banquet. R. N. Gardner presided as toastmaster in his usual pleasing way, and opened the program with a community song, Smiles, with F. H. Allen acting as song leader in which part he showed all the earmarks of an old-time camp meeting exhorter. President O. M. Berg was called on and gave a brief and concise statement of what the club had accomplished the past year and outlined something of what they hope to do during the coming year. Mrs. Wm. Whitney delighted the guests with a vocal selection which was one of the real treats of the evening.

The secretary of the Brainerd Chamber of Commerce, O. J. Bouma, was present and gave a very interesting address along the line of Community Co-operation. He stated that at Brainerd they were accomplishing some real good, in wiping out the strife between factions, churches, various labor organizations and the Chamber of Commerce. One thought he brought out was that location does not make a city but that a city will grow up anywhere if there is man-power behind it and that it will grow just in proportion as the people of the community work in harmony to that end. Toastmaster Gardner injected into the program several songs, "Let The Rest of the World Go By," was one of them and the program was closed by the singing of "Till We Meet Again." The menu, table decorations and the service were up to the usual high standard of the St. Charles and the guests all left well satisfied with the efforts of the members of the entertainment committee who were responsible for the success of the party. This is the only dinner during the year for members only. Everyone is welcome to the next community club dinner.

## MRS. GREGORY WEYAND A CHARMING SINGER

Sang an All English Program at the  
Brainerd Musical Club Gather-  
ing Saturday

### ACCOMPANIST MRS. WIELAND

At Annual Election Held, All Officers  
Were Re-elected—Three Direc-  
tors are Named

In spite of almost impassable streets, there was a capacity audience at the regular monthly program of the Brainerd Musical club on Saturday, and judging from the strenuous efforts of the audience to secure an encore, they felt well repaid for coming.

Mrs. Gregory Weyand sang an all English program, that had the feeling of spring in almost every number. There was springtime in the song, and in the voice of the singer, which was fresh and sweet, and unspoiled by faulty training, or artificial mannerisms.

Mrs. Walter F. Wieland, at the piano, played the ten difficult accompaniments in a manner to make every member of the Musical club feel proud that Brainerd possesses an accompanist of such ability.

After the wholly delightful musical program, there was election of officers, which was disposed of with neatness and despatch, as all of the present officers were re-elected. The three directors were balloted upon, as five names had been posted for nomination. The result of the ballot was the election of Mrs. F. A. Farrar, Mrs. Ezra R. Smith and Mrs. G. W. Mosier.

During the intermission, the president, Mrs. J. Thabes, made the following important announcement: The next artist's recital, to be given at the Park theatre on Sunday, March 19th, by Vera Poppe, English cellist. The tickets for this concert will be placed on sale at Dunns, Lammons and Johnsons drug stores. The free tea to be tendered members of the Musical club on Tuesday afternoon from three-thirty to five, the Social committee serving. At this tea, there will be short reports of the mid-winter luncheon at St. Paul. This tea will be held in the Chamber of Commerce parlors on March 14. The next meeting of the Art Study section will be on Saturday, March 18 at 3:45 p. m., in the Chamber of Commerce parlors. There will be a lecture on "Pictures We Like to Live With", illustrated with lantern slides of such pictures. The lecture will be by Miss Ruth Raymond who is at the head of art education in the state university. The next meeting of the Junior Musical club will be announced through the columns of the Brainerd Daily Dispatch. By request, announcement was also made of the League of Women Voters' supper to be held in the basement of the Congregational church on Thursday, March 23, a six o'clock. At this supper, the two candidates for county attorney Judge Walter F. Wieland and City Attorney D. H. Fullerton will speak. The plates for this supper will be limited to one hundred. If these are not all taken by women, the sale may be opened to men voters.

There will be a League of Women Voters' supper at the basement of the First Congregational church on Thursday, March 23rd. The two candidates for county attorney, Judge Walter F. Wieland and City Attorney Fullerton, will speak at this meeting and state what their policy will be if elected to this office.

## CROOKED ROADS TO BEWILDER SPIRITS

Chinese Idea, Said Bishop L. H. Seager, D. D., Was to Hamper Progress of Spirits

### FLUCTUATING CHINESE MONEY

"The Orient Needs the Gospel", Said Bishop in Sermon at Evangelical Church

Bishop L. H. Seager D. D., of Naperville, Ill., spoke in Zion Evangelical church, Fourth avenue and Forsythe street Saturday evening. His extensive travels in the Orient brought the bishop into contact with many phases of Oriental life.

Customs and conditions of the people were strikingly shown. Many articles were shown illustrating vividly the existing conditions. There is

marked contrast in many phases of life in Japan and China.

The outstanding needs of China are goods roads and a uniform system of currency. There are practically no roads really worth the name, and what there are are so crooked and narrow that they are almost impassable. The roads are made crooked so as to bewilder the evil spirits and hamper their progress.

Currency that is valid in one province is invalid in the next. The use of opium, footbinding, the absence of hospitals, the lack of sanitation, the evil of militarism, are a few of the subjects touched upon. The Orient needs the gospel.

Sunday morning the Bishop preached an inspiring sermon on the subject: "The Test of a Life."

## DRUGGISTS RECOMMEND Dr. A.W. Chase's Medicines

The druggist is the one family friend and adviser in whom most of us have implicit confidence. No druggist who values his reputation in his neighborhood will recommend a proprietary medicine unless he is absolutely sure it has real merit. It would be business suicide for him to sell and endorse an inferior article.

That's why we take great pride in presenting below the candid opinions of a few of the many thousands of druggists who are now selling and recommending Dr. A. W. Chase's Medicines:

The Vancouver Drug Co., Ltd., Victoria, B. C., writes:

"Dr. Chase's Medicines are always in demand, and there are many repeat orders. There is a reason—Dr. Chase's Medicines are reliable."

Mr. T. T. Beattie, Druggist, 462 Bronson Ave., Ottawa, Ont., writes:

"I always recommend Dr. Chase's Medicines with perfect confidence, as I receive continual evidence that they are splendid result-producers. In particular I have found Dr. Chase's Kidney-Liver Pills very efficacious. They are among the very best staple sellers and the handling of these goods is highly satisfactory."

Mr. Frank Hyde, Druggist, Woodstock, Ont., writes:

"Among our best selling proprietary medicines, Dr. Chase's have a foremost place. They are necessary in every drug store, so permanent is the demand for them."

Mr. A. E. DuBerger, Druggist, Sherbrooke, Que., writes:

"I have handled Dr. Chase's lines of medicines for years, and I find that, as proprietary medicines, this line is one of the ones—if not THE one—that gives the most general satisfaction to my customers."

Macartney's Drug Store, Stratford, Ont., writes:

"The demand for Dr. Chase's Medicines is very steady and in considerable proportion. Our investigation clearly shows that Dr. Chase's Medicines are recognized by the Druggists and the people as staple sellers and reliable medicines."

Mr. A. P. Chown, Druggist, Kingston, Ont., writes:

"Dr. Chase's Medicines have for many years had a steady sale and give good results and satisfaction."

Mr. O. J. Gill, Druggist, Ingersoll, Ont., writes:

"Dr. Chase's Medicines have a steady sale with us the year round, and we have always found them to be very reliable medicines."

Mr. W. D. Mitchell, Druggist, Prince Albert, Sask., writes:

"We have handled Dr. Chase's Medicines for a considerable number of years, and find them one of the most satisfactory staple lines, and among the best sellers. They are easy to sell, and we feel that having made a sale of Dr. Chase's Medicines, we have gained a satisfied customer."

Mr. E. G. Moxon, Druggist, Truro, N. S., writes:

"For a considerable length of time Dr. Chase's preparations have been one of our staple lines of medicines. Our patrons find them highly reliable and satisfactory. We consider them among the leading sellers and we aim to always keep them for sale."

Messrs. Dean & Hiscocks, Druggists, Victoria, B. C., write:

"The demand for Dr. Chase's Medicines is growing every day. We have always sold Dr. Chase's Medicines, and can recommend them."

Mr. C. A. McQuarrie, Druggist, Truro, N. S., writes:

"We have known Chase's Medicines from childhood. Their sales were great then, but greater now, and Chase's goods are among the fastest selling lines. The motto 'Chase's Goods are Good' seems to be upheld throughout their entire line."

Mr. Frank J. Hoag, Druggist, Kingston, Ont., writes:

"Having handled the Dr. Chase's line of family medicines for fully twenty-five years, I have no hesitancy in saying that we consider them among our best sellers, as well as most reliable family medicines."

BENEFITS OF PROTECTION

Before 1890 every effort to manufacture tin plate in this country was crushed by the British manufacturers, who combined to sell at prices which our mills could not possible meet. Mr. McKinley, however, checkmated that procedure in his tariff of 1890, since which time we have developed the largest tin plate business in the world.

Prior to that, along in the first three-quarters of the 19th century British textile manufacturers, particularly the so-called Manchester school, drove every American concern to cover whenever it attempted to set up a cotton or woolen mill in the United States. But protective rates of duty established our textile mills all over the country, and the wool of the farmer and a large percentage of the cotton of the cotton grower now find a market at home, while thousands of operatives receive wages which enable them to be the best fed and best housed wage-earners in the world, and their children the best educated. And, it must be remembered, they are nourished on the products of the farm.

This is what protecting home industries with a protective tariff means to our working men and our farmers.

AN ENGLISH ASSET

One of our leading periodicals, that has frequently shown alien sympathies, has recently published an extended article for the purpose of demonstrating that France has a larger area of control in Africa than has Great Britain. But the map accompanying the article shows that the French area includes a large portion of the Sahara desert, while the British area covers some of the richest territory on the face of the globe.

However that may be, we are not particularly interested in the question of the relative acquisitions of Great Britain and France in Africa. If one has gained a little more than the other, it is no grievance of ours. We merely wish to call attention to the fact that Great Britain's territorial acquisitions in Africa were augmented by the treaty of Versailles to such an extent as to make it easy for her ultimately to pay her war debt to the United States out of her commercial gains there.

And your Uncle Samuel certainly expects her to pay that debt, though some of her leading statesmen have intimated a desire that the debt should be cancelled.

AGRICULTURAL CONFERENCE

Officials of the Minnesota Farm Bureau Federation have invited the officers and directors of the agricultural organizations of the state to attend a conference, at which a plan will be discussed by which all these organizations might act unitedly on matters affecting the whole farming population of the state. The meeting will probably be called the latter part of this month.

It is thought that such a unification of work would expedite the work of the agricultural interests and would in many instances eliminate the duplication of efforts which the individual organizations are now making to advance the farmers' interests in the state.

The idea is, as we understand it, to formulate a detailed plan

by which these various agricultural organizations may act quickly and effectively, with united front, on all matters pertaining to the advancement of agricultural interests.

WHAT MAKES TAXES

Secretary of the Treasury Mellon, early in his administration, took occasion to remark that "before any genuine progress toward national economy can be made, the people generally must be more concerned with the saving of government money than with the spending of it."

This remark of Mr. Mellon's is well worth thinking over. It is certainly true that we cannot be always asking Congress, for instance, for some new appropriation from the treasury, without also asking that higher taxes be imposed. The rule holds good with the State Legislatures and the city councils. If you ask for appropriations, don't blame any one but yourself for high taxes.

Thirteen contracts for nearly seventy-five miles of grading, three of paving, and nine bridges, were awarded by the Minnesota State Highway Commission on bids more than \$250,000, or 20 per cent. below the engineers' estimates. The work is all in widely distributed sections of the Minnesota trunk highway system.

WHEN THE LAKE IS ROUGH

Entirely too rough, for boats of the ordinary type—you can step into a "V BOTTOM" and "shove off" without anxiety—it will get you there and bring you back—and too, with a degree of comfort never before experienced in a boat of its size. They are built in Brainerd by

Many of the Republican leaders of the state are said to be in favor of giving the convention endorsement for clerk of the Supreme Court to a woman. There are several women candidates for the position, and with women now a part of the electorate it is contended that they should have convention recognition.

In 1921 the Northern Pacific railroad handled 83,701 passenger trains on its lines, and 94 per cent of these trains made their schedule time. This is regarded as an exceptional record, considering the climate and other conditions affecting the operation of transcontinental trains through the Northwest.

Herbert N. Wheeler, who is explaining the work of the United States forest service and Minnesota state forest service, on a thirty days' lecture tour of Minnesota towns, is authority for the statement that "Minnesota is cutting her timber four times as fast as it is growing."

Representative Knutson has introduced a bill in Congress for the creation of a crop stabilization commission, which commission shall have power to fix the price for the 1922 crops of wheat, corn and cotton, the prices so fixed not to be less than the cost of production.

REVERENCE FOR LAW

The Judicial Section of the American Lawyers' Association, venturing to speak for all the judges, wishes to express this warning to the American people:

"Reverence for law and enforcement of law depend mainly upon the ideals and customs of those who occupy the vantage ground of life in business and society. The people of the United States, by solemn constitutional and statutory enactment, have undertaken to suppress the age-long evil of the liquor traffic. When, for the gratification of their appetites, or the promotion of their interests, lawyers, bankers, great merchants and manufacturers, and so-

cial leaders both men and women, disobey and scoff at this law or any other law, they are aiding the cause of anarchy and promoting mob violence, robbery and homicide; they are sowing the dragon's teeth and they need not be surprised when they find that no judicial or police authority can save our country or humanity from reaping the harvest."

Unanimously adopted by the Judicial Section (composed only of Judges) of the American Lawyers' Association at the annual convention at Cincinnati, August 31, 1921.

## BOOZE PARTIES IN CITY SATURDAY

Police Kept Busy Trying to Round Them All Up, Successful in Case on South Side

### EIGHT MEN WERE ARRESTED

In Municipal Court Monday Morning Judge J. H. Warner Fined Each Culpit, One to Appeal

Saturday seemed to be a field day in Brainerd for tipsy people. Booze parties were reported in various parts of town and the police were busy running down clues. Two calls came from Northeast Brainerd, but in each case the hilarity had changed to funeral sadness when the police got there. Somebody had tipped them that the cops were coming.

Of two calls on the south side, the police got one party which was imbibing liquor within the shadow of the county jail. At the little 10 by 12 shack occupied by Dave Ahear eight men were picked up by order of Chief of Police Charles H. Varner, the arrests being made by Captain Erick Graff and Patrolman Abrahamson. They said they seized 4 quart bottles and a pint bottle, all containing (that is the bottles), more or less moonshine.

The room was so crowded with convivial spirits that the police could not enter, so they urged the party to come out and as they filed out they searched them.

Monday morning in municipal court, eight said, "Good morning, Judge" to J. H. Warner and were fined as follows:

Dave Ahear, \$100 or 90 days.  
Otto Erickson, \$15 or 10 days. Fine paid.  
John Weston, \$15 or 10 days. Fine paid.  
Warren Myls, \$15 or 10 days. Fine paid.  
C. F. Tift, \$15 or 10 days. Sentence suspended one day and \$50 appeal bond filed.  
C. F. Elbes, \$15 or 10 days. Sentence suspended one day.  
Harry Peterson, \$15 or 10 days.  
J. E. Deschane, \$15 or 10 days. Sentence suspended one day.

## RIFLE BULLETS FIRED INTO STORE

James E. O'Brien of Northern Home Furnishing Co. Says Wild West Days in Vogue in Brainerd

### PLATE GLASS IS DRILLED

"We Have a Lot of Bargains and Expect People to Come in Front Door" Said Clerk

At the Northern Home Furnishing Co. store the other night, while James E. O'Brien, president of the company was going over correspondence, two rifle shots rang out and two bullets pinged their way through the transom of a rear door in the northwest corner of the building.

Next morning there was also noticed a hole bored with a diamond drill, in a plate glass window of a section devoted to paints. The hole made tapered to the center and has the circumference of a penny.

"We're getting back to Wild West days," said Mr. O'Brien, as he referred to the reckless shooting. The holes in the transom are about eight feet from the ground.

"We have a lot of bargains in the store," said a clerk, "but we are accustomed to having people come in the front door and not boring in with a diamond drill."

The display showing furniture reveals some of the greatest bargains ever assembled. There are splendid couches, rockers, library tables, etc., any piece of furniture acceptable as a gift. Nothing would delight friend Wife more than one of these exquisite pieces of furniture.

## Y. M. C. A. ELECTION OF BOARD MEMBERS

Nominating Committee Selects Several Members to be Elected to Fill Vacancies

FINANCIAL STATEMENT OF "Y"  
Attendance at "Y" During Month Was 3,000—Eight Religious Meetings Held There

At the Y. M. C. A. board meeting held recently three members were appointed a nominating committee to select several members to fill the vacancies on the board April 1. These are W. A. M. Johnstone, Edward Crust, John M. Bye, John Leak, W. C. Cobb and George E. Lowe. Two are to be replaced, being J. A. Erickson deceased and Carl Wright, who was elected last year but did not qualify. The following were nominated in addition to the ones whose terms are expiring: Henry Cunningham, Asher Taylor, P. M. A. Zkariassen, Donald Closterman, Dr. K. H. Hoorn and William Anderson.

"This should put some pep in the nominees and get their friends out to the annual meeting in April and elect the best men on the board," said General Secretary D. T. Lawrence.

The association lagged a little in the rear in receipts last month, but according to all reports the "Y" was not the only institution that did that, for it was a hard month financially for several. The disbursements were \$188.85 and receipts \$154.69, leaving a deficit of \$34.16.

"We only lacked this small amount of playing even," said Secretary Lawrence, "and if the members would all pay up it would not hamper the association."

**Statistical Report**  
The daily average attendance at the building was 103 and for the month 3,000. Three library books were drawn. Baths daily 23, and the month 552. Religious meetings held daily 8, and for the month such attendance registered 330. Bible classes numbered 24. Committee meetings were four with an attendance of 45. Gospel meetings held at the show were three with an attendance of 150. Beds rented at "Y" about five daily, with a total of 140 for the month.

## At the New Park Theatre Tonight

LILLIAN GISH & RICHARD BARTHELMESS in D.W. GRIFFITH'S "WAY DOWN EAST"

## Griffith's "Way Down East"

D. W. Griffith's picturization of "Way Down East," based on the stage play by Lottie Blair Parker, which for the past twenty-two years was one of the rural classics of the American theatre, will be presented at the New Park again tonight, Tuesday and Wednesday with the following cast: Lillian Gish, Richard Barthelmess, Mary Hay, Burr McIntosh, Lowell Sherman, Creighton Hale, Mrs. Morgan Belmont, Kate Bruce, Edgar Nelson, George Neville, Vivian Ogden, Porter Strong, Josephine Bernard, Mrs. David Landau, Patricia Fruen, Florence Short, Emily Fitzroy and Myrtle Stuch.

Mr. Griffith's production of "Way

Down East" represents ten months' work of the most exacting character, for in his screen version of the story he has endeavored to follow closely the narrative of the stage play, with here and there a digression for the purpose of dramatic value or elaboration.

"Way Down East" is the biggest production Mr. Griffith has made. Several Griffith innovations are promised, including a thrilling snowstorm and a genuine New England ice break on the river.

Following the premier performance, the production will be offered daily, matinee and evening. There will be a special music program.

## Shimmy Shakers and Salome Dancers Upset Missouri Town Politically

(By United Press.)

Gilliam, Mo., March 13.—R. L. Cannon was the new mayor of Gilliam today as a warning that "the devil can't invade this Missouri town along with Chicago shimmy shakers and the salome dances."

Cannon was elected on that platform Saturday as the result of a contest, among other things, that of prohibiting of public dance halls.

A few days ago Gilliam was happy with Mayor Davidson. Then along came some dancing girls from Chicago and appeared in Gilliam's dance hall. They shook wicked shoulders, and so forth.

Outraged and raging fathers and mothers that watched through a key hole as they performed before a dance by the younger set, served notice the girls would have to buy some clothes or leave town. The girls left.

The city council passed an ordinance against dancing. Davidson looked up the constitution of the United States and declared he couldn't find anything therein barring shimmying, and refused to sign the ordinance and resigned.

The young folk are planning to re-elect him next election.

## Gasoline for an Empire

THE eleven states served by the Standard Oil Company (Indiana) is an empire in area, wealth, population, and industrial activities. It constitutes the largest and most important market for petroleum products on the American continent.

To win such a market, to gain the confidence, and enjoy the respect of this buying public is a task worth while.

To achieve this objective, to merit the confidence of its patrons, and to be prepared at all times to serve them, has been for many years the dominating idea of the Standard Oil Company (Indiana). To make its service more comprehensive it manufactures special grades of its products to meet special requirements.

For example, take gasoline. Under this general head come fifteen different products, each made with scientific precision to meet a specific, well-defined need.

For the motorist the Standard Oil Company (Indiana) makes Red Crown Gasoline. This product is made for the sole purpose of generating power in the modern internal combustion engine. It has a chain of boiling point fractions carefully adjusted and graduated with scientific exactness to enable you to get from your engine all the power it can develop.

In attacking the problem of supplying motor gasoline for 30 million people, three main points were considered—

**First—Quality:** The gasoline must function perfectly: to do this nothing short of scientific precision is sufficient.

**Second—Quantity:** To meet the ever-growing demands for motor fuel, the yield of gasoline must be great if the cost is to be kept down.

**Third—Distribution:** To make it easy for the consumer, wherever he may live, to secure 1 gallon or 1000 gallons of gasoline, whenever he may need it.

In Red Crown Gasoline is symbolized the ideals animating the Board of Directors of the Standard Oil Company (Indiana). Red Crown is highly efficient—it is produced in large quantities, and sold at a price that is fair to all.

Red Crown has achieved leadership by rendering a maximum of service just as the Standard Oil Company (Indiana) has become a leader in the industry by rendering a definite, positive, essential service.

It is by such standards that the Standard Oil Company (Indiana) measures its usefulness, and by maintaining such standards it intends to continue this leadership by meriting the confidence and respect of the public it serves.

## CREAM CLEARS A STUFFED-UP HEAD

Instantly Opens Every Air Passage—Clears Throat Too.

If your nostrils are clogged and your head is stuffed because of nasty catarrh or a cold, apply a little pure, antiseptic cream into your nostrils. It penetrates through every air passage, soothing and healing swollen, inflamed membranes and you get instant relief.

Try this. Get a small bottle of Ely's Cream Balm at any drug store. Your clogged nostrils open right up; your head is clear; no more yawning or sniffling. County fifty. All the stuffiness, dryness, struggling for breath is gone. You feel fine. Adv.
